Did You Know...

The ND DBE directory has a new added functionality! You can now identify which of the eight state districts your firm is willing and able to work in. This will help other contractors know your working areas when soliciting DBE quotes.

Firms will be required to identify the districts during their renewal applications. NDDOT has used the most current data provided by each firm to update the directory with the working districts. Each firm is encouraged to login and review their DBE identified working districts. To do this, from the CCS main screen:

1. Click on the DBE/ACDBE Directory Button
2. Fill in your business name
3. Click "I am not a robot"
4. Click Search
5. Click DBE under Certification column
6. Scroll down to Additional Information section

Work districts/regions are listed here as shown below.
